FOR IMMEDIATE RELEASE

Kjaerhus Audio opens online Patch Sharing.

Kjaerhus Audio announces the opening of online Patch Sharing.

The Patch Sharing website is free to use, and is open for all users of Kjaerhus Audios product lines, consisting of the commercial Gold Series and free Classic Series. Users will be able to upload and download patches and banks for all products.

“We know that many of our users are dependant on presets”, says Torben Larsen, Kjaerhus Audio, “but we are all limited by our own tastes of sound and music styles when we make presets, and it’s a time consuming task. By sharing presets, we can take advantage of a wider range of sounds than we could ever have done ourselves. Hopefully there will soon be a lot of shared patches. Our hope is that our users will make good use of online Patch Sharing.”

Patch Sharing can be found on Kjaerhus Audio’s web site <http://www.kjaerhusaudio.com>
